Let us do

- Make one set of flashcards.
- Make the children stand in a circle.
- Give one flashcard to each child.
- Ask any child to read the word in the flashcard.
- If they read correctly, they turn around, and the next child has to read.
- If a child is not able to read, then all children will turn back, and we start from the first child again.
- The game ends if all children in the circle have turned around.
- Practise till children can read the words easily.

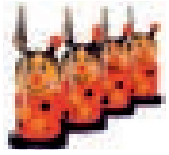

Let us practise

Read it to your friend.

This is my book.

I make toys with wood.

My dad likes to cook.

I shook his hand.

Fill in the blanks.
