1.6 Multiplication using standard algorithm:

Multiply using multiplication table

Step 1: **Multiply Ones**

T	O
1	4
×	2
	8

4 × 2 = 8

Step 2: **Multiply Tens**

T	O
1	4
×	2
2	8

1 × 2 = 2

Product = 14 × 2 = 28

P2P9H3

Example

1. Multiply. 23×4

Step 1:

H	T	O
	1	
	2	3
	×	4
		2

3 × 4 = 12

Step 2

H	T	O
	1	
	2	3
	×	4
	9	2

2 × 4 = 8

Product = 23 × 4 = 92

2. Multiply. 32×5

Step 1:

H	T	O
	1	
	3	2
	×	5
		0

$2 \times 5 = 10$

Step 2:

H	T	O
	1	
	3	2
	×	5
1	6	0

$3 \times 5 = 15$

Product = 32 × 5 = 160
