Home Garden

Cultivation of crops in a small available place in house-holds is known a **Home garden or Kitchen garden or Nutrition garden.** E.g., Vegetables like tomatoes, brinjal, snake gourd, snap beans, lady's finger and fruits like banana, lemon and also herbs.

Advantage of Home Garden

- It is the easiest method.
- Waste water can be reused.
- It saves our money.
- We get vegetables which are fresh and high in nutritive value.

Let us Do

A. Colour the circle in 'GREEN' for traditional food and 'RED' for modern food.

Ragi Koozh ◯	Pizza ◯	Thinai ◯	Ragi Ball ◯
Samai Rice ◯	Kambu ◯	Paratha ◯	Noodles ◯
Ragi Adai ◯	Burger ◯	Biriyani ◯	Chips ◯

B. Using watercan / coconut shells, make a mini garden in your class rooms.
