Kabir : Very simple. Lions live in jungle.

Madhi : Correct, But Lions live together as a family in caves.

Kabir : Ok, Ask me the next question.

Madhi : Where do birds live?

Kabir : Birds live in the nests, built on trees or in high places.

Madhi : Good. What do we call a group of elephants?

Kabir : **Herd.** Am I right?

Madhi : Exactly, you are right.
