Be safe from Toxic organisms

Pesticides are used to kill insects in our home. We shouldn't touch these Pesticides. They are very dangerous.

Dangers caused by toxic organisms

Symptoms:

- Causes skin redness and itching.
- Causes inflammation of skin. (Inflammation occurs in places like eye lid, Ears and lips.)
- Causes headache, vomiting and giddiness.

We can give first aid and then go to the hospital.

Snake

Scorpion

Spider

Precautions:

- Do not go near bushes.
- Keep the house and surroundings clean.

Wasp

The people who work in plantation can apply the mixture of sesame and paraffin oils. If they do so, the insects won't bite.
