

Father: No Kaveri, there are more subordinates in district administration to assist the district collector like **District Medical officer, Superintendent of police, District Forest officer, Chief Educational Officer, Revenue Divisional Officer (RDO) and other Officers**. These heads take care of their own departments. They all are a part of the district administration system. However, district collector is responsible for proper working of all departments to make sure that people are benefited by the government.

M5R9D5

Health officers are responsible for government hospitals in the district. The person in charge advises on health and sanitation of the district.

Think

Name some of the duties of Policemen.
